LEGALITY OF VOTE QUESTIONED

Ziglar Appointed Mayor Tuesday - Can He Serve?

The vote of the Elba City Council was 3-2 in favor of appointing Councilman Owen Ziglar to fill the three year unexpired term of Jack Brunson who resigned in early September. A legal question on the legality of Ziglar voting for himself left the group confused and the actual outcome of the selection of a new mayor somewhat cloudy.

The council finally voted to recess the meeting until seven o'clock Wednesday night (Oct. 3rd) to discuss the matter further and to allow legal counsel time to research the legal aspects of the matter.

City Attorney Gargis Lindsey and City Judge Terry Butts were both on hand at the Tuesday meeting and rendered legal advice to the council. Lindsey

and Butts disagreed on the matter of the legality of Ziglar's vote. Butts casually mentioned that he was available to the League of Municipalities indicating that the Attorney General's office was of the opinion the vote is legal. Lindsey read from the State Code (laws as passed by the legislature) and under Title 37, Section 433 which is printed later in this article) no councilman may vote on questions in which he has a special financial interest.

The Tuesday night meeting got started exactly as previously discussed with council members had indicated the meeting would go. Acting Mayor Charles Ellis read the names of five people who had either ask for the position or had

indicated they would accept the appointment. These names included Councilmen Owen Ziglar, Sam Sawyer, Mr. Robert Folsom, Mr. Robert H. McCall and Mr. Kermit Crook. The above names were read at 8:05 p.m. Nothing was said by any of the councilmen for some time and after a few minutes an onlooker, Mr. John Garrett, spoke up and after noting that in his opinion only Ziglar, Sawyer and Folsom were qualified for the job and that Folsom was more valuable in his position with the Light and Water Department, he would like the group to appoint Sam Sawyer noting that Sawyer had the time and the money. No action was taken on this.

Finally at 8:20 the group generally agreed without any formal vote to eliminate both

McCall and Crook, only stating that Crook had casually mentioned that he was available to help out if needed and had not seriously told the group he wanted the job. Immediately Councilman Ziglar removed his name from consideration "at this time". Following this action Sawyer nominated Folsom and Charles Ellis seconded. Sawyer then said "We are all aware of the political manipulations and how they work. I just want everyone to be aware that I know (he was apparently referring to a rumored plan to eliminate Folsom by a 3-2 vote and then ask Ziglar to re-enter the picture, which is what did happen). When the votes were cast, Sawyer and Ellis voted for Folsom

while Ziglar, Ben Carpenter and Ronnie Vaughan opposed the appointment. Just prior to taking the vote, Ellis ask City Attorney Lindsey if only one nomination were presented, did it automatically elect the nominated person. Lindsey checked the state code and read Section 430 of Title 37 to the council indicating that even with one nomination, a vote was necessary. It was now 8:35 and Carpenter ask Ziglar if he would reconsider and allow his name to be placed in nomination. When Ziglar agreed, Carpenter made the nomination and Vaughan seconded the nomination. The nominations were then closed.

Here is where the "ringer" entered the picture! Acting Mayor Ellis ask the City Attorney Lindsey if a councilman could vote for himself in a matter such as this. Lindsey read from Title 37, Section 433 of the Alabama Code and it reads: Councilmen shall not vote in certain cases removal. No Councilman shall be entitled to vote on any question in which he, or his employer, or employee, has a special financial interest at the time of voting, or was so interested at the time of his election. For violating this section or section 431 of this title, he may be removed. (The 431 mentioned above pertained to contracts and work for the city.

City Judge Butts was ask for an opinion and related that he had telephoned the League of Municipalities and after calling the Attorney General's office the League had informed him the vote was legal. He also noted that it takes a "clear majority" to elect someone to the office (in this case three positive votes).

Ellis then called for a vote and Ziglar, Carpenter and Vaughan voted for Ziglar and Sawyer and Ellis opposed the nomination. When ask "What will happen now?" Lindsey noted that anyone in Elba could file suit contesting the legality of his vote. He noted that his was only an opinion as was the Attorney General's office opinion and the matter had never been decided in a court of law. According to Lindsey it would take about 60 days to carry the matter up to the Alabama Supreme Court if someone did contest the vote.

He did add that Ziglar could serve as mayor while the case was in the courts. Ziglar then made a motion to recess the meeting until Wednesday night at 7:00 and suggested that Ellis continue as acting mayor at least until this meeting.

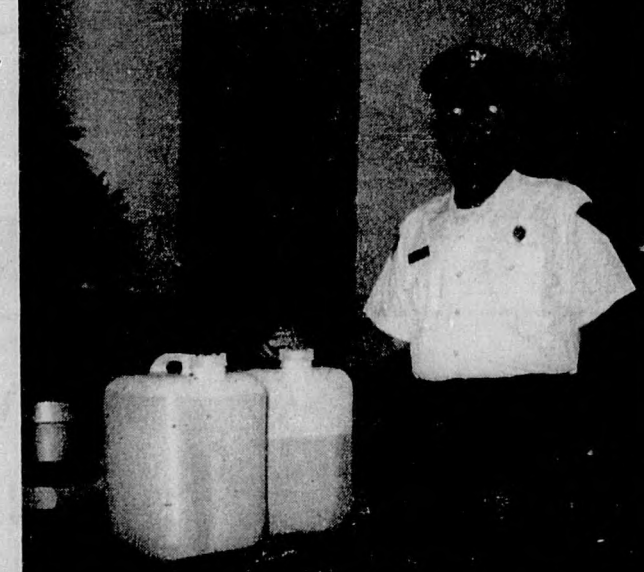

During the course of the legal opinions, Ziglar stated "I voted for myself as a matter of last resort, seeing and knowing the council would remain dead locked unless I cast my vote. I also suggested the one day recess until the legality of this matter can be checked by the city attorney." It is continued with "Another reason I cast the vote for myself here was because it is no different from voting for myself at the ballot

Jackson Buys First '74 Tags

Avery Jackson, of North Elba, was an early bird on Monday, October 1st. He was the first Coffee County citizen to purchase any of the new 1974 tags.

Chief Smart Finds Whiskey In Woods - No Owner Caught

Class Of '68 Holds Reunion

The Elba High School graduating class of 1968 came together for a reunion on Friday, September 21. They attended the W. S. Neal football game as a group, then went to a party at the home of Becky Arnold. The following Saturday night the group enjoyed a party at the Elba Country Club. Those attending are: L to R, First Row: Boyd, Ronnie Hornsby, Thurfell Wise, Murry Vaughan, Bob Kelley, Tommy Dewberry. Last Row: David Inman, Ronnie Sowards, Kenneth Grantham, David Stokes, John Foman, Tom Tinsol, Mike Thompson, Hubert Bryan.

Summer House To Be Restored

Dozens of interested citizens have demanded the restoration of the summer house, a symbol of the cemetery since the turn of the century, leading the formation of the Evergreen Cemetery Summer House Restoration Committee. The committee has designated October as its fund raising month. Donations to help restore the historic summer house, damaged during a recent tornado, can be made at either of the local banks. Those unable to go to a bank may still contribute by calling Mrs. Alene Ziglar at 897-2602. Mrs. Ziglar will come by and pick up the contribution. Anyone seeking additional information relative to the project is invited to contact any member of the committee listed as follows: Jake Bonneau, May Bryan, Neil Cook, Jeanette Garrett, Josephine Kendrick, Althea Prescott, Lamar Rainer, Zedie Rowe, Harris Winston, Florrie Wright, and Alene Ziglar.

Elementary School Open House

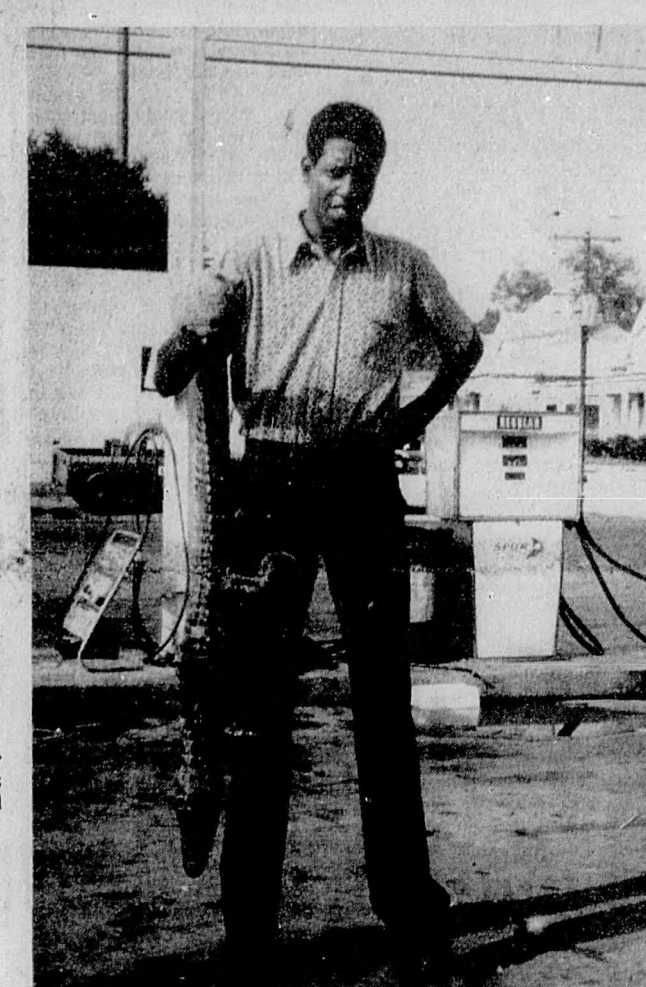

The Elba Elementary School will hold Open House on October 10, 1973 from 1:00 p.m. until 3:00 p.m. Registration will be in each student's home room. We do hope that you will make a special effort to visit the school and meet your child's teachers and also become familiar with the philosophy, principles and methods of our curriculum.

RESCUE SQUAD REPORT

The Elba Rescue Squad made the following runs during the period of September 25 through October 2. Sept. 28 - Lamar Sasser, Enterprise to Elba General. Sept. 28 - Paul Hudson, scene of accident to Coffee General. Sept. 29 - Mattie Harvelson home to Elba General. Sept. 29 - Robert Stroud, home at New Hope to Elba General. Sept. 29 - Janis Deal, Collins Mobile Homes to Elba Gen.

ELBA ETCHES

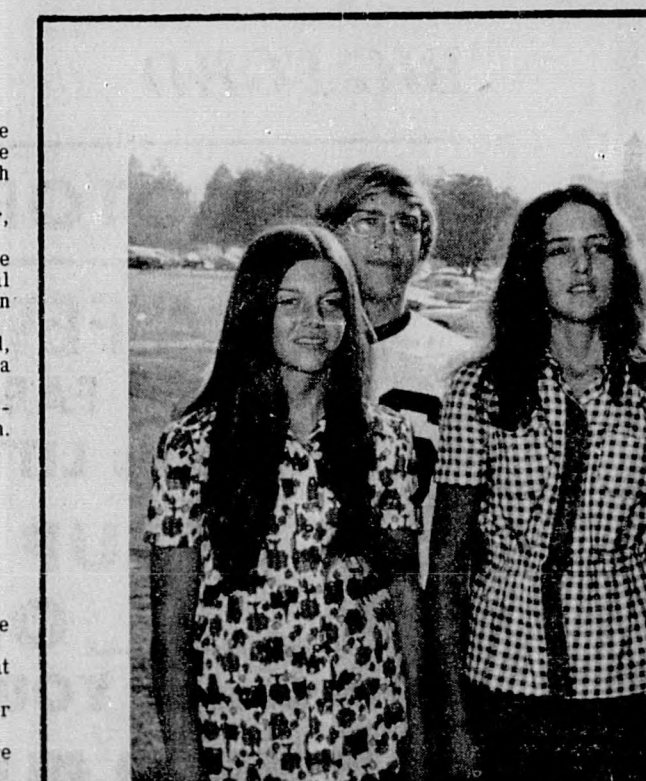

Goldenrod coloring the countryside with beauty. Barefooted patrol boys at Elementary school. Crickets in offices all over town. Sweet smell of tea olive filling the air. Seeds of fish caught at Lake Etowah one night recently. Editor of "Clipper" getting tackled at football game. Pre-schoolers strutting proudly into school. Girls going to see hospitalized football hero.

Alligator Killed On Kinston Highway

On Sunday, September 23, Johnny Frank Liptrout of Brantley, ran over this young alligator on his way from Opa to Elba on the Kinston Highway. The gator measured 3 - 3 1/2 feet in length. Johnny kept it in hopes of finding someone who would like to have the skin.

DON'T BE A LITTERBUG

Elba students (from left) Pam Gallimore, Freddy Mallory, Betty Mallory, and David Kennedy are shown the sights of Samford University by Samford junior Frank Preston of Virginia Beach, Va., during High School Day activities on the campus. Some 3,000 students took part in Samford's High School Day.

Wreck After Game Takes One Life

A three car accident Friday night resulted in one death and three being hospitalized. Killed was Mr. Paul Hudson of Elba, a teacher at Elba High School. Injured were his wife, the former Jean Taylor, also a teacher at Elba High, and their seven year old daughter Alene. Also hospitalized was Mrs. Helen Kelley Burke of New Brockton. Injured but not hospitalized were Phillip Brown and Susan Taylor in the Hudson car and Mr. and Mrs. Howard Lee in the third car. Mrs. Burke was alone in her car at the time of the accident. The wreck occurred on Highway 51 North of New Brockton just before the intersection with County road 77 as the Lees and the Hudsons were returning to Elba from the Ozark foot ball game. Mrs. Burke's car was traveling North on Highway 51. The sideswiped Lee car left the road on the left side and stopped in the edge of a field. The Enterprise Fire Department, Enterprise Rescue Squad, and the Elba Rescue Squad assisted at the accident scene. Officers estimate it took about one hour to pry open the car and release Hudson. All the involved parties were rushed to an Enterprise hospital. Mr. Hudson was soon transferred to Dothan for emergency treatment where he died Saturday morning. His daughter Alene was flown to Birmingham during the night Friday night with possible head injuries and even though highly improved was scheduled at press time for surgery on Wednesday morning. Her mother was transferred from Enterprise to Birmingham on Sunday following the funeral of Mr. Hudson. The transfer was to allow Mrs. Hudson to be with her daughter. Mrs. Burke was still in an Enterprise hospital at press time and very unofficial reports indicated she was possibly injured more seriously than first indicated. Trooper Ronald Whitworth investigated the accident and later expressed his gratitude to the volunteers who assisted at the wreck scene.

ELBA BOWS TO OZARK 40-13

The Elba Tigers were completely stunned by the massive running attack of the Ozark Eagles as they were trampled 40-13 last Friday night.

The Tiger offense could manage nothing but fumbles and interceptions with the defense not doing any better, although Elba's two TD's are credited to the defensive unit.

Elba managed only 37 yards rushing while Ozark racked up 312 rushing yards.

From the opening kick-off it was obvious Ozark meant business. Ozark claimed the opening kick-off on their own 46 and in 8 plays and 3 first downs the Eagles were out front 7-0.

Sasser took the kick-off and returned to his 30 yard line. On the second play from scrimmage the Tigers were called for clipping which moved the ball back to the Elba 17. A pass by Elba on the next play was picked off by Ozark at the Elba 43.

Once again the Eagles wasted no time in scoring as they moved 43 yards in 5 plays to make the score 13-0. The PAT failed.

The Tigers took the kick and returned it to their own 34. Two passes found the Tigers in a third and 10 situation and Ellis went to the air again to Bimbo. The Eagles were called for pass interference and the Tigers had their first break. The luck didn't hold, however, as Mickle fumbled on the next play at the Ozark 40.

The Eagles moved swiftly down the field in 8 plays and had what appeared to be more points, but the TD play was called back for illegal procedure. The Tiger defense held the Eagles on fourth and short yardage and took over on downs at their own 3.

The Elba offense couldn't move the ball and had to punt. Holley was roughed on the punt and Elba was out of the hole on their own 25. Elba couldn't

keep the ball though, and fumbled to Ozark at the Tiger 25. Ozark's Winston Lewis took the ball 25 yards on first down to give the Eagles their third TD. The PAT made the score 20-0 with 9:45 left in the second quarter.

Eight turnovers followed with the first half ending Ozark 20, Elba 0.

The second half kick-off went through the end zone to give Elba the ball on their own 20. Elba put together a short drive from here, going 47 yards in 8 plays only to have a pass intercepted at the Ozark 33.

The Eagles offensive machine went to work again and moved the ball 67 yards in 10 plays to make the score 26-0.

Sasser returned the kick-off to his own 25. Elba moved nowhere on 3 attempted passes and was forced to punt. Winston Lewis took the punt at the Ozark 45 and rambled 55 yards for another Ozark TD.

The two-point conversion was good and the Eagles were out front 34-0.

Following seven turnovers and 3 interceptions, Elba's Willie James Phillips blocked an Ozark punt, picked up the ball and ran 35 yards for Elba's first TD of the night with 6:41 left in the game.

An outside kick followed but the Eagles recovered the ball on their own 47. Three plays later Ozark quarterback Barry Savage fumbled and Elba's Ronnie Mickle scooped the ball up and went 48 yards for Elba's second TD. The PAT failed and the score was now Ozark 34, Elba 13.

Elba tried another outside kick, but Ozark recovered this one too on their 50 yard line. In 8 plays the Eagles had six more points on the scoreboard with 1:25 left in the game.

Elba had just enough time to move the ball and had to punt. Holley was roughed on the punt and Elba was out of the hole on their own 25. Elba couldn't

move the ball and had to punt. Holley was roughed on the punt and Elba was out of the hole on their own 25. Elba couldn't

RAMBLING BACK

As life grows shorter
And my years grow older
I sometimes find myself
Strolling through the days of former.

The times I laughed
The games I played
The loves I knew
The friends I made.

The days I shall forever hold dear
Are the ones spent near an old river
A river flowing through
My world of love, dreams, and fear
Loving my happy, smiling friends
Loving the nights in the football stands
Dreaming as an adult of the life I should find
Yet fearing the time when I would have to leave
This world of mine behind.

Parents of the couple are Mr. and Mrs. Howard T. McKinney of Gainesville, FL, and Mr. and Mrs. Hoston Blair of Elba, AL.

The bride wore a gown of candlelight tulle with a covered with silk organza, peau de ange lace bodice and a cathedral length veil of illusion edged in lace.

Mrs. William Trakas was matron of honor. Her maiden of honor was Miss Laurel Anne McKinney.

Keith McPherson served the groom as best man. Ushers were: Dr. Tom Gadsden, Dr. Bill Fryar, Tom Williams, Michael McKinney, and Stephen McKinney.

After a wedding trip to South Florida the couple are making their home in Jacksonville, FL, where the groom is employed.

RECIPE OF THE WEEK

Blitz Tort

Submitted by Nell Dodson

1/2 Cup Butter 1/2 Cup Sugar
3 Eggs 5 Tablespoons Milk
1 Cup Flour 1 Teaspoon Baking Powder

Cream butter and sugar. Combine flour, baking powder, salt and sift together. Add beaten egg yolks to creamed mixture. Add dry ingredients alternately with milk to mixture. Divide batter equally and place in two baking (round) pans that have been well buttered. Beat 3 egg whites until stiff - add 1 cup sugar - divide equally on top of batter in pans and sprinkle with chopped pecans. Bake 25 minutes in a 350 degree oven. When cool remove from pan and put together with following filling.

FILLING
1/2 Cup Milk 1 Teaspoon Butter
3 Teaspoons Sugar 1/2 Teaspoon Vanilla
1 Egg Yolk 1 Teaspoon Flour
Mix butter and egg yolk, add flour and sugar (sifted together) mix well and add milk and vanilla. Cook in double boiler until thick - when cool put between layers. Cooked egg whites & nuts will be on top and bottom.

This is a cool weather cake as the filling spoils easily. You may substitute different flavors for the vanilla, but if you use wine add it after cooking is done.

McKinney - Blair Wed

The First Baptist Church of Gainesville, FL, was the setting Saturday, September 29 for the wedding of Susan Jane McKinney and Billy Ray Blair.

Rev. Ernest Carswell officiated at the ceremony.

Parents of the couple are Mr. and Mrs. Howard T. McKinney of Gainesville, FL, and Mr. and Mrs. Hoston Blair of Elba, AL.

The bride wore a gown of candlelight tulle with a covered with silk organza, peau de ange lace bodice and a cathedral length veil of illusion edged in lace.

Mrs. William Trakas was matron of honor. Her maiden of honor was Miss Laurel Anne McKinney.

Keith McPherson served the groom as best man. Ushers were: Dr. Tom Gadsden, Dr. Bill Fryar, Tom Williams, Michael McKinney, and Stephen McKinney.

After a wedding trip to South Florida the couple are making their home in Jacksonville, FL, where the groom is employed.

NEW TRUCK FOR NEW BROCKTON FIRE DEPARTMENT

A new addition to the Volunteer Fire Department of New Brockton is this Army surplus truck received through the Alabama Forestry Commission. The Fire Department personnel have done an outstanding job in getting this truck ready for fighting forest and grass fires in the New Brockton area. All members of the Department will complete soon an 8 hour training course in forest fire fighting and will be awarded a certificate on completion of the course by the Alabama Forestry Commission.

Forest Ranger Gordon Drewery and Patrolman Wayne Roberts express their appreciation to the Department personnel for their interest. Ranger Drewery says, we will work closely with the Rural Fire Defense program in giving or requesting assistance. Ranger Drewery says we commend the New Brockton Fire Department, its chief and each of its members for the fine contribution they are making to their community in time and effort to provide this invaluable service.

Dr. Duane Tway, Chairman of the History and Social Science Department at Troy State said the public is invited to the lecture.

Churchill To Speak At Troy State

Sir Winston Churchill, member of the British Parliament, will be the first of several noted speakers to appear on the subject of "Red China and the New Balance of Power," to a university-wide audience which is also open to the public.

Sir Winston visited the Troy State campus last year for a lecture, and TSU is the first university in the state to which the member of parliament and grandson of the first Sir Winston Churchill has returned for a second visit.

Dr. Duane Tway, Chairman of the History and Social Science Department at Troy State said the public is invited to the lecture.

ANNUAL RATE OF GROWTH

MAC ARTHUR STATE TECHNICAL COLLEGE

Roy Grimes of Elba, Drafting and Design Technology student, displays a chart showing the annual rate of growth at MacArthur State Technical College.

The school has grown from 115 students in November of 1965 to 540 students in September 1973. MacArthur Tech opened with 12 departments in 1965 and is now offering training in 19 programs of study. Day and evening classes are taught in some courses.

The school was designated as a technical college in September 1973 and will be awarded Associate in Applied Technology Degrees as well as Diplomas and Certificates in several courses.

of a little verse my mother learned about the goldenrod of spring, "Till me, sunny goldenrod, where did you sleep last night..."

The countless woody spiders had been busily working through the night, and now their matchless spans of webs glistened and sparkled in the rising sun.

Whoops! There fluttered several pairs of doves' wings, from their hiding places in the thick weeds, and off they flew through the dried corn and browned sweet-gum leaves.

We found some late hangers-on snuggled beside the road, too, and they lasted so good.

Our coffee had long been gone, and when we got to a foggy bend in the road, we turned abruptly, and started back, tracking toward home and some breakfast biscuits.

Death Claims

Alri Smith

September 27

Alri Smith, 89, Elba Rt. 2 (Pine Level Community) died early Thursday morning, September 27th, 1973.

Funeral services were held at 2 p.m. in Hayes Funeral Home Chapel with Elder J. P. Morgan officiating.

Survivors include two daughters, Mrs. Myrtle Lou Toney, Camden, Ark. and Mrs. Bonny Bryan, Elba; two sons, Natel Nelson Smith of Torrance, Ca., and John D. Smith, of Elba.

EHS REPORT

FHA Holds Initiation

Monday afternoon, September 24, the officers and sponsors of the F.H.A. held an initiation for the new club members. The theme for the initiation was "Careers." Each participant wore an outfit depicting her chosen career. Delicious snacks including pizza, sandwiches and cakes were served and enjoyed by all.

Basketball player Brenda Spann, pirate Gena Kendrick, chef Paula Taylor, professor Billye Fay Scott, professor Nancy Taylor, photographer Bunty Cox, pro-football player Kathy Bowers, farmer Judy Lee and artist Bev Cox got the initiation off to a fast-paced start by quizzing the candidates for membership. Next the candidates participated in such games as London Bridge and Ring-around-the-rosy. As a final test the girls were required to skip around the football field twice.

WISE SAYINGS

(1) Why will a woman who complains she has nothing to wear take five suitcases for a week-end trip?

(2) The human brain is wonderful. It starts right in working the moment you wake up in the morning and doesn't stop until you are called on in class.

(3) God may forgive your sins, but your nervous system won't.

Senior Of The Week

Randy Mularz, son of Mr. and Mrs. Frank Mularz, has been selected by his classmates as Senior of the Week. Randy's subjects this year include auto mechanics, democracy, modern literature and P.E. After graduation he plans to attend college, but has not made a definite choice.

Randy is an avid sports fan, as well as participant. He is a member of the 4th Quarter and VICA clubs. He serves as reporter for VICA. Randy has a favorable opinion of EHS, but feels that some improvements could be made. His church affiliation is Catholic.

DRAMA CLUB MEETS

JROTC Has Different Look

This year the Elba JROTC has a different look. A Female Cadet Corps has been added to the program.

Since the beginning of school, we have been studying the assembly and disassembly of the M14 rifle, leadership, and drill. We have found the rifle more interesting than we thought it could be.

In leadership, we have learned the types of leaders and how important a good leader is.

While learning the fundamental movements of drill, many of us have discovered that we have two left feet. In spite of our mistakes, we have been complimented by Col. Perry, Sgt. Bailey and even one or two of the male cadets.

The female cadets are proud to be a part of the Elba JROTC. We know that it will help us to become better people.

District IX Committee Meets

The steering committee for District IX of the Alabama Education Association met Wednesday, September 19, at 4:00 p.m. in the home economics department of Elba High School. Those attending the meeting included Dr. W. P. Lewis, Troy State University, past president of District IX; Mr. Jim O'Neal, Troy State University, treasurer; Mrs. Martha Gallo, Daleville, secretary; Mrs. Constance Maxwell, president-elect of District IX.

The primary purpose of the meeting was to make plans for the AEA fall meeting. Tentative plans were made to have two district meetings this year - the first to be in November and another one to be in the spring. Elba was suggested as the location for the fall meeting since it is a rather central location for the nine schools in the district.

Belcher Commended In Navy

Ernest Paul Belcher, member of the U. S. Navy, has been selected as one of two men in his outfit to participate in a Class A Storekeeper's School in San Diego, California. The school began on September 10 and Ernest will graduate November 1, and return to his ship, the U. S. S. Seattle. His job is in the Supply Department aboard ship.

Following are some remarks by Ernest's Commanding Officer, SK1 Allen W. Ruch, which he addressed to Mrs. Eria Mae Belcher, Ernest's mother. "The Belchers live on Route 5, Elba.

Pollution Contract Signed by Uncle Sam

The public Tennessee Valley Authority (TVA) turns to industry for air pollution control equipment at its New Johnsonville Tenn. steam plant.

A \$3.38 million contract has been granted to the American Air Filter Co., of Louisville, Ky., for the retrofit of six electrostatic precipitators to remove flyash from the exhaust of six boilers. They have a total output of 794,000 KW, and are fired with low sulfur content coal. Delivery of the precipitators is to begin early in 1974, with completion slated for the third quarter of 1975.

PULLING TOGETHER

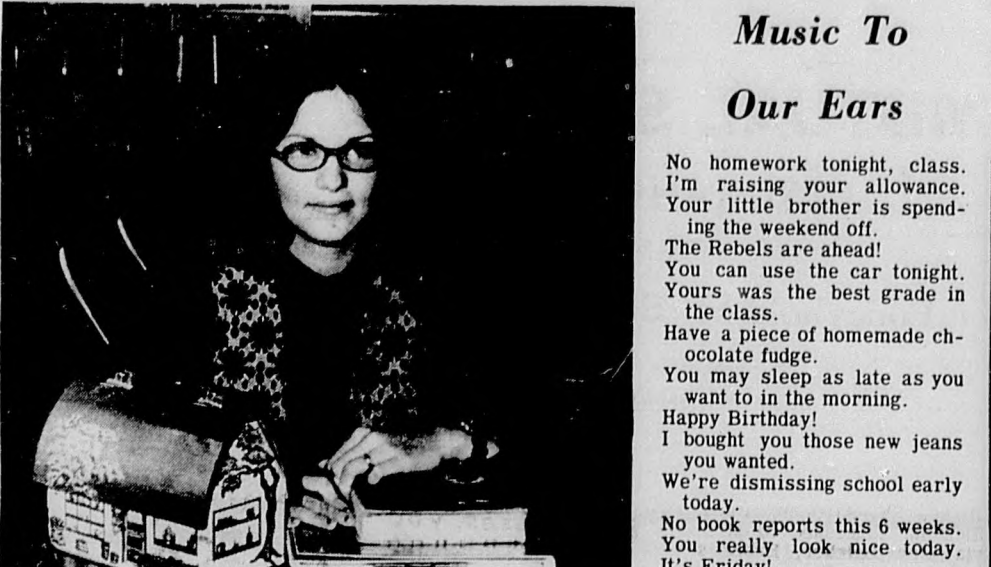

Some of our school clubs now being organized. Many new members and all are former members. A club must work like any other group, by rules and cooperation. Open our ideas and others don't agree, but we need to consider first the purpose of our club and put aside selfish motives. Many times we can win someone's cooperation by seeing his opinions and uniting them with our own instead of demanding that things be done our way. Remember, it's easier to catch flies with honey than with vinegar.

So let's all join together in our clubs and strive for a successful year of accomplishment.

Cooperatively yours,
The Editors

Editors For October

Senior Of The Week
We salute this week's senior, Barbara Ellis, daughter of Mrs. Jean Baines of Brundage. Barbara is a married senior and she and her husband Ricky live near the Frisco Community on Rt. 2, Brundage. Barbara joined us here last year from Brundage High and she is a member of the 4-H Club. Barbara says that she likes Zion Chapel better than any other because of the friendly people and their concern-

about each other. She believes we need to work toward better cooperation between students and teachers. Cooking different foods and interior decorating are Barbara's hobbies and this will work in well with her future plans which are to be a housewife. Her pet peeve is two-faced people. Here's wishing Barbara Ellis a happy and successful future!

News From The Young Rebels
High school students, working very successfully with elementary grades in a well-planned physical education program, add much to the curriculum of the school. Pictured are students from grade 4 and student helpers, Ramona Kelley, Debbie Sheffield, Maxine Youngblood, and Ruth Culver.

BOWS and BOOS

Bow to... The students who are interested in keeping the bathroom walls clean and put up signs saying so.

The Annual Staff for their hard work selling ads.

Mrs. Powell for being our paper boy again this year and bringing The Elba Clipper each week.

All the students who are making a real effort to keep the student center clean.

Mrs. Bryan for running off all our stencils.

The Little Rebels football team for an undefeated season so far.

All the teachers for being so agreeable when we interrupt their 3rd period class each picture-taking day and especially Mrs. Powell for interrupting her so very often.

The British Lit. class for the good habits they wrote. Boos to...

The ones who forgot to keep the magazine shelf in the student center straight.

Students who make so much noise in the lunchroom that others can't enjoy their meal.

Whist walking a crowded city street the other day.

I heard a little urchin to a comrade turn and say: "Say, Chummy, let me tell you, I'd be happy as a clam, if I only was the fellow that my Mother thinks I am."

"She thinks I am a wonder, and she knows her little lad. Could never mix with anything that was ugly, mean or bad. Oh, lots of times I sit and think how nice t'would be, gee whiz!

If a fellow was the fellow that his Mother thinks he is."

My friend, be yours a life of toil or undiluted joy, You still can learn a lesson from this small, unlettered boy. Don't aim to be an earthly saint, with eyes fixed on a star. Just try to be the fellow that your Mother thinks you are.

Last week's Guess Who was Margaret Lee

Meet The New Rebels

Meet Shirley Liprot, daughter of Mrs. Chaney Liprot of Rt. 2, Brundage. Shirley attended New Hope Jr. High before coming to Z.C. Shirley enjoys dancing, singing, and watching the Rebels play football. We are glad to have Shirley at our school.

Rebel 'Ritings

The Fox and the Bloodhound
The big red bloodhound was the leader of the pack. That lived in a pen near the master's shack. They were always there except for times When they ran red fox through the long yellow pines.

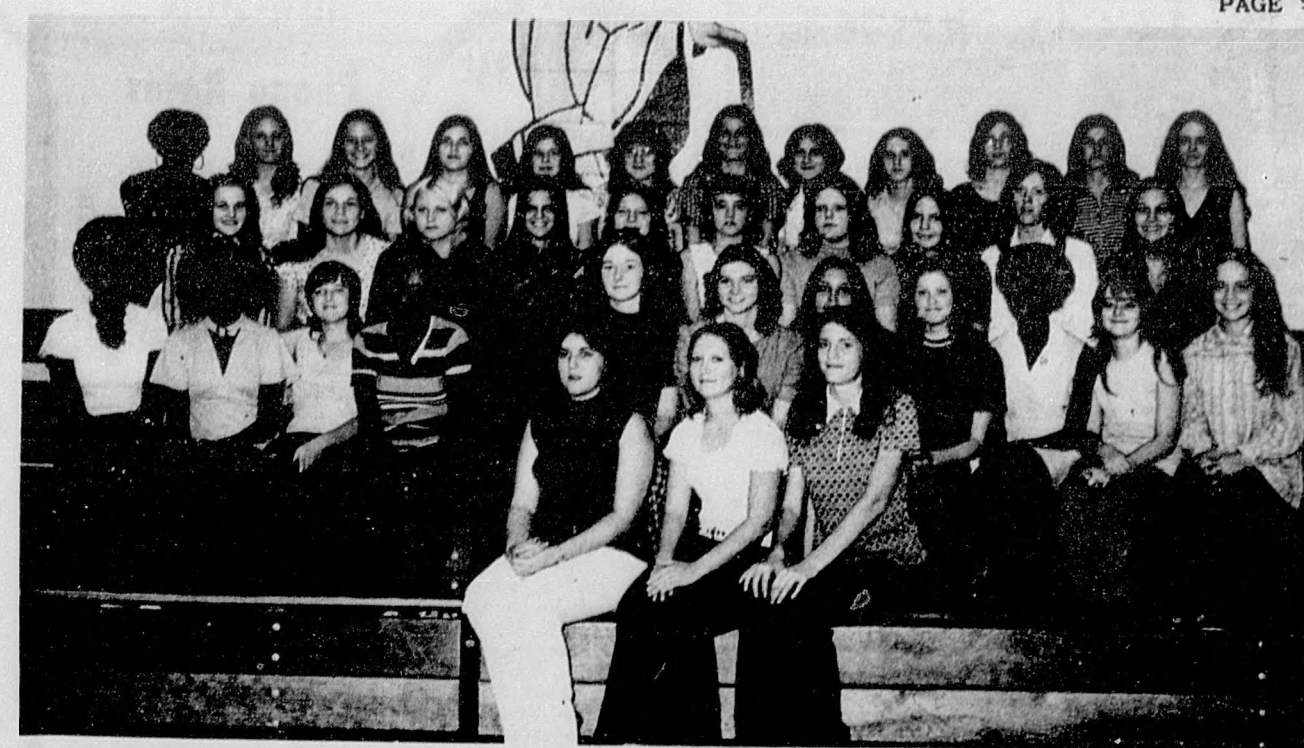

There was a certain fox in the forest old room. He had a deep dark hole in a cliff for a home. He liked to tempt the hounds when they ran through the pines. Then he'd lose his scent at the old Mormon Shrine.

But the big red hound who was the leader of the pack. Had done learned his tricks and when he doubled back The big bloodhound was hot on his trail. So he ran through the hills and he ran through the dale.

But he couldn't throw the bloodhound off his track. Even though he kept on doubling back. They ran through the country and they ran through the town. But still the red fox kept the loosing ground.

The fox fell out way up on a hill. But the big red hound was too tired to make the kill. So they made an agreement just before the two. To wait till they rested to continue the duel.

The job you learn in the Army is yours to keep.

The jobs a lot of young men and women learn in today's Army can become careers in the Army. Or in civilian life. Jobs they never knew we had, or knew they'd be good at.

We've got over 200 job-training courses. Taught by excellent instructors, in good schools, with the finest equipment around. Jobs that could cost you a lot of money to learn in civilian life.

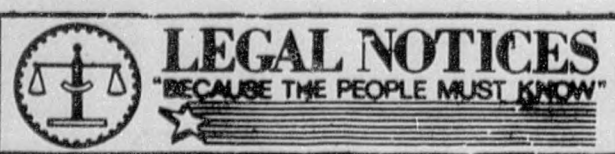

Today's Army pays while you learn. Starting at \$307.20 a month before deductions, with promotions and raises as you move up in your job. Along with free meals, housing, clothing, medical and dental care. And 30 days paid vacation each year.

And there's a lot more you can get that few other jobs give you. A chance to travel. To live and work in places tourists only visit. Like Europe, Panama, Alaska, Korea.

If you'd like to learn a job that's as valuable to you as it is to the Army, call or see your local Army Representative.

Today's Army

Coffee WMU

To Meet

The quarterly meeting of the Coffee Association of the WMU will meet Thursday, October 11 at 9:30 a.m. at the Elba Baptist Church. The speakers are Mr. and Mrs. Lewis Pearson and Mrs. Fred Johnson.

Charles and Freddie have one other daughter, Millie, who is six years old.

Daughter and mother are doing fine.

Alan Belcher Completes Training

Army Private Alan J. Belcher, 17, son of Mr. and Mrs. Charles Belcher of Route 2, Elba, Ala., completed the first phase of training under the Modern Volunteer Army Program at Ft. Ord, Cal.

The program combines basic and advanced individual training (AIT) into an average 16-week program, depending on the AIT the soldier receives after completing basic training. The program is designed to give the soldier more time to train and increased off-duty time. Fewer restrictions on off-duty travel and improved living facilities are other benefits of the program.

Pvt. Belcher received training with headquarters company, 2nd Battalion, 3rd Brigade, 1st Infantry Division, at Ft. Ord, Cal.

He is a 1973 graduate of Elba High School.

Alaskan Oil Pipeline Said to Make Sense

Final approval for the right-of-way to the Alaska pipeline would be an important step in overcoming the energy shortage, according to Frank N. Icard, president of the American Petroleum Institute. He has predicted that, when the line is fully operational, "it will supply U.S. refineries with two million barrels of crude oil every day."

Stating that there are proved reserves of about 10 billion barrels of oil under the North Slope of Alaska, Mr. Icard said, "It would make very little sense to leave them there and to spend more dollars for oil from foreign sources."

He said the builders have a responsibility to utilize every engineering technique to assure that there will be no significant damage to the ecology of Alaska.

Intra-State Phone Rates Increased

General Telephone's Vice President in charge of Alabama operations has announced that intra-state long distance rates were increased effective September 19.

Bill Elitz said the increase resulted after a recent court decision on a rate request by South Central Bell.

Circuit Judge Richard Emmet, in a September 14 decision, allowed South Central's higher rates to be put into effect temporarily under the guarantee of a \$31.4 million refunding bond. The Montgomery County judge's decision superseded the Alabama Public Service Commission's August 17 denial of Bell's \$29.9 million request.

Elitz said that General Telephone and all other independent phone companies have "on file with the Public Service Commission a tariff to conform with Bell on changes in long distance rates."

"We have this provision in our tariffs so that there will be continuity rather than charges for intra-state long distance calls," he said. "This way, Alabama customers know what a call will cost no matter where in the state they make it from."

Some of the intra-state long distance rates increased are DDD (Direct Distance Dialing), where daytime rates go up anywhere from 1 to 2 cents, and evening and weekend rates, where they go up 1 to 2 cents, both depending on mileage.

There is no increase on night (11 p.m. to 8 a.m.) DDD calls.

Operator handled calls also are affected with the increase on person-to-person and station-to-station calls ranging from 1 to 15 cents, again depending on mileage.

The DDD increases are for the first two minutes of a call, while the operator handled increases are for the first three minutes. Every minute thereafter will be increased anywhere from 1 to 3 cents.

Elitz said the increase in rates will remain effective pending final resolution of South Central Bell's case.

Company to Convert Waste into Steam

The General Electric Company's Lynn (Mass.) River works will turn Greater Boston waste and refuse into steam energy. Expected to be in active operation in September, 1973, the system initially will consume 1,200 tons of municipal and industrial refuse daily.

A long-term contract for a minimum of two billion pounds of steam energy yearly has been signed. This will be the first privately financed refuse-to-energy facility of its type in the country.

John Pyfrom Elected Freshman Senator

John Pyfrom, of Route 1, Elba, a freshman at Enterprise State Junior College has been elected a freshman Senator. He is the son of Mr. and Mrs. Eliza Pyfrom.

Paul Hudson Killed From Auto Injuries

Paul J. Hudson, a life long resident of Elba, died September 29, 1973 at 9:00 A.M. in Flowers Hospital in Dothan as a result of a traffic accident Friday night.

Mr. Hudson is survived by his wife Jean Taylor Hudson; his daughter Aleah Hudson; his father and mother, George Edmund and Gladys Prescott Hudson, all of Elba; and one sister Nina Carpenter of Ozark.

Services were held on September 30, 1973 at 4:30 P.M. at the Elba Methodist Church with Rev. Ed Sells officiating. Following the services, the burial was in the Evergreen Cemetery with Hayes Funeral Home directing.

More than 90 business managers and college students were present at the opening session of the Business Management

Seminar at Enterprise State Junior College Tuesday, September 25, to hear Dr. Rhea M. Swisher, assistant dean of business and commerce at Troy State University, who spoke on the management process.

Students and faculty at Troy State University, who spoke on the management process.

County Gets Federal USDA Grant To Feed Mothers

Coffee County has been chosen as one of 20 areas in the nation where the U.S. Department of Agriculture will conduct an experimental food assistance program.

USDA officials said that the Coffee County Health Department will receive about \$103,500 to run the program of six months.

The county estimates that it will enroll 734 women, children and infants in the program, aimed at improving the health of the poor by making certain they receive nutritious foods.

The USDA announcement of Coffee County's inclusion in the experiment came as the General Accounting Office issued a report that questions the reliability of data to be collected during the study.

GAO, which is the investigative arm of Congress, said physicians it consulted regarding the experiment said six months is not a long enough time to determine whether the program's impact justifies extending the program nationwide.

GAO said the experts it consulted said a program lasting 12 to 18 months "would significantly improve the reliability of evaluation conclusions."

Among the tests Coffee County health officials will conduct on participants to determine the impact of nutritious food on health will be the measuring of infant head circumference as an indication of mental development.

But, according to GAO, health officials said that "measuring head circumference does not by itself provide sufficient information on an infant's mental development" nor would any other test now in use.

They also told GAO that "accurate data on head circumference probably would not be obtained, unless those taking the measurements were very well trained."

In response to the GAO criticism, USDA officials said they felt six months was a long enough time to judge the value of the program "if the sample size was sufficiently large."

USDA noted that it is supporting legislation pending in Congress that would extend the experimental program of 12 months.

The experimental Special Supplemental Food Program has been the subject of controversy since approved by President Nixon last September.

USDA did not use the \$20 million Congress appropriated for the program in fiscal year 1973 and had sought to have it taken over by the Department of Health, Education and Welfare.

In August the U. S. District Court for the District of Columbia ordered the USDA to stop delaying the program and to carry out the project as approved by Congress.

USDA is now beginning to put the program into operation - 16 months later than originally directed to by law.

The Department is expected to announce within days the name of a medical university to provide technical help to local officials implementing the program.

Ziglar Takes Oath - Goes To Work On Problems

The Wednesday night (October 3rd) meeting of the Elba City Council was attended by over 30 people, enough that the meeting was moved to the courthouse.

At this meeting City Attorney C. A. Lindsey and City Judge Terry Butts were asked if any additional legal information had been received concerning the right of Owen Ziglar to cast his councilman's vote for himself as a candidate for Mayor. There had been a vacancy in the mayor's office since the September resignation of Jack Brunson.

Lindsey reported at the time that the Attorney General's office had not given him an opinion on the exact meaning of Section 433, Title 37 of the Code of Alabama. He said that in the absence of such an opinion he could add nothing further to the opinion he had given on Tuesday night that a man could not vote for himself if the man was to profit from the election.

Butts then told the council of further conversations with the Attorney General's office and a formal opinion written by an Assistant Attorney General Paul Gish, a veteran of 20 years in the office and a specialist in municipal problems.

The opinion, dated February 23rd, 1967, to the City Clerk of Cherokee, Alabama, a town of less than 12,000, as is Elba. The question arose after the

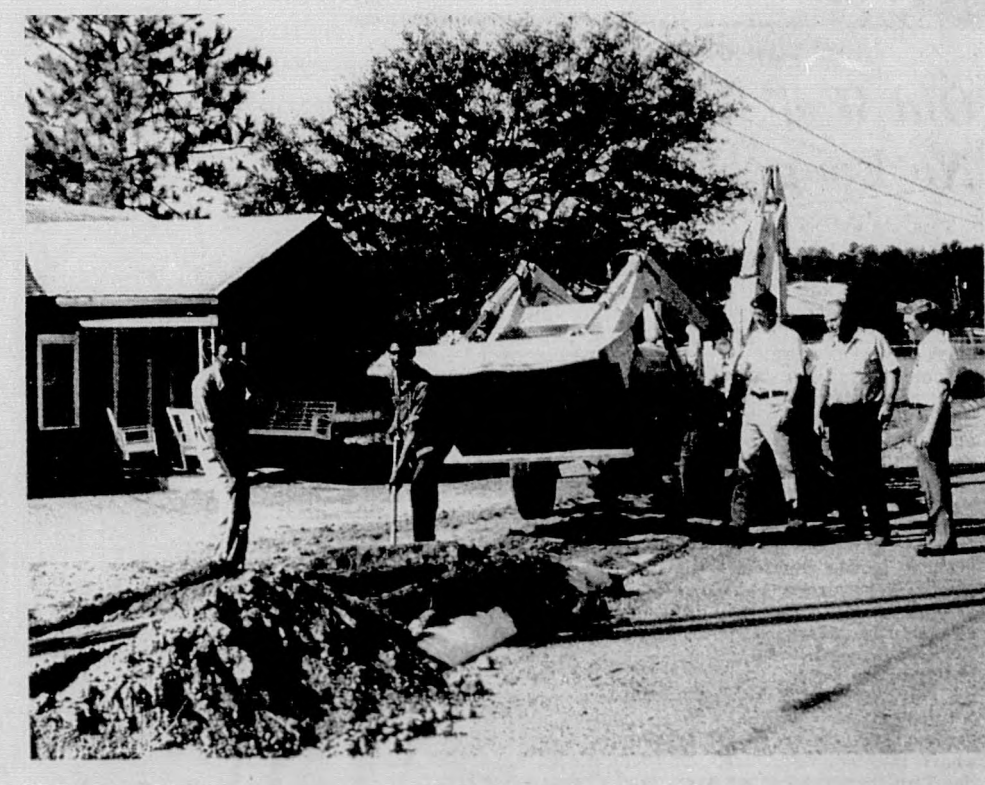

mayor resigned and the Mayor Pro Tem had been sitting as mayor for about 1 year. The question was "Could he vote for himself or anyone else?"

The opinion explained how this type vacancy is filled and that in his opinion the man could vote for himself.

Quoting from the opinion "There is no statute which prohibits a member of a municipal council from voting for the person of his choice to fill a vacancy in the office of mayor where such member is a candidate to fill such vacancy. Therefore, I am of the opinion that Mr. Rich may vote on the question of filling the vacancy now existing in the office of the Mayor of the City of Cherokee."

After hearing these legal opinions, Ziglar expressed a desire to take the oath of office and begin working as mayor. The time was set for 10 a.m. Thursday and the meeting was adjourned.

Just prior to the adjournment several questions were asked of the council including a question of how the election of Ziglar could be protested. Lindsey explained this procedure and later told this newspaper that the necessary legal fees probably would exceed \$2,000, a tidy sum for a private citizen to put up to contest a Mayor of Elba's appointment.
